ABOUT US

Atlanta Aviation International (AAI) offers state-of-the-art aircraft interior refurbishment and decorating solutions to support Commercial and Regional airlines and the MRO's that support those airlines. Also decorates new interior components for OEM's. AAI is located minutes from Hartsfield-Jackson International Airport and employs a dedicated management staff and qualified interior mechanics who are responsible for taking interior projects from concept to completion.

OUR WORK

AAI is committed to providing customized solutions for your refurbishment needs. These solutions may include vacuum Tedlar covering, painting and Aeroprint to surfaces such as lavatories, galleys, door liners, shrouds, baggage bins, ceiling panels, sidewall panels, table-tops, etc. We can assist with the repair and/or refurbishment of the entire interior or just a few panels. AAI is approved on all models of Boeing, Airbus, Embraer, Bombardier, ATR, SAAB and McDonnell Douglas interiors.
